# November 2 Vote NO on Q

## No Marina Shores Skyscrapers!

Marina Shores development at Pete's Harbor (Source: Project Precise Plan)

Does **this** look like parks and open space to you?

Instead of real parks and open space, The Marina Shores developer is building **17 skyscrapers** (up to 23 stories) & counting **roads, bridges, parking lots, private marinas, & sidewalks** as required "open space."

**Don't be fooled by the developer's literature - all that is green is not grass!**

Measure Q is not about parks and open space - it's about **changing the zoning law** to allow an **extreme development**.

Measure Q is about extreme **height & density**, snarled **traffic**, reduced **water supplies**, and **environmental impact**.

**Tell the City Council you want responsible growth!**

**Vote NO on Measure Q**
